Hi, Betsy, Sandy, and Bill:

The attached information is intended for Doug in preparation for the Anaconda meeting(s) on April 10. The first document is an updated status for Anaconda. The second document is a draft presentation for Doug to provide to the focused group of stakeholders – similar to what he presented for the Butte site in January. The third document is a presentation developed by Anaconda Deer Lodge County in the Fall of 2016 prior to the election and change in County leadership. It documents where the county was at that time in their negotiations with Atlantic Richfield for the Council of City-County Commissioners. The only missing piece for now is putting together more detail on the 1994 AR/ADLC conveyance agreement and EPA/ADLC prospective purchaser agreement for the Old Works/East Anaconda Development Area operable unit. Let me know what you think, and we can get it to Doug before tomorrow's planning meeting.

Thank you!

Joe

Subject: FW: ICA Presentation

Joe,

For additional background for the RA, attached is a summary of the ICA (requirements/funding, etc.) that was prepared by ADL in August of 2016.

The 1994 Conveyance Agreement required the county to implement ICs and maintain the conveyed parcels. Funding was expected to come from additional revenues created by the golf course and the sale of conveyed properties.

Joe,

Attached is Andy's and my latest edits. We can discuss on Monday.

Charlie:

Attached are my comments. I have no comments on the powerpoint except that we should indicate why we're not going with an OU specific CD. I put some discussion on that into the writeup.

Andy
